

# Individual Learner Report

Analyse the overall performance of an individual learner on a specific test and drill down into their scores by strand to identify areas of strength and areas for improvement.

Select a specific test and learner to generate their report.

The learner's details are provided, including their class and any custom groups they have been added to.

## Individual Learner Report

Learner One

APR Year 2 Term 1

Insights

Report generated 12<sup>th</sup> September 2023

### Learner Name

Class: Name of Class

Member of: Name of Group Name of Group  
Name of Group

The **average score** achieved by learners in this class is provided for comparison.

### Overall Performance

Date of Test

23 / 03 / 2023

Age at Time of Test

6:4

Raw Score

17 (15)

Class Average Score

24

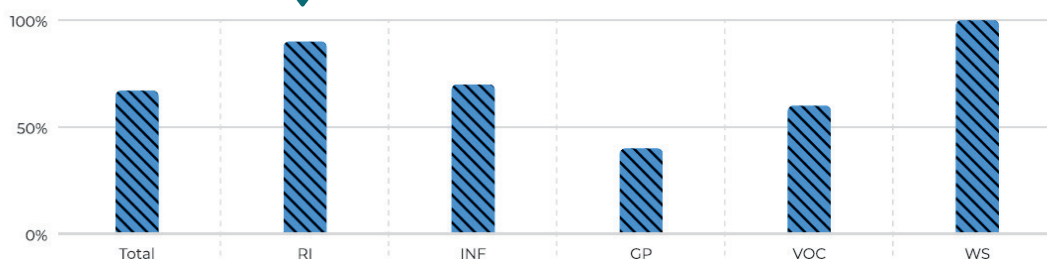

( ) Raw score before extra time

The learner's age at the time of the test is given for reference.

If a learner was assigned **extra time** in their online test, their raw score achieved before extra time is also given, so you can measure the impact of additional time.

The **Strand Performance** chart shows the number of marks achieved out of the number of marks available in each strand.

### Strand Performance

Total = sum of all strands except problem solving. Problem solving is an additional measure and spans multiple other strands
