

The Dance Palace

Rocket Phonics – Orange

Pre-reading activities:

Look at the front cover and blurb together. Ask your children:

- What do you think a dance palace is?
- What do you think might happen in this story?

Post-reading activities:

- Design your own dance palace. What type of music and dancing would it have? What would the building look like? What type of shows would you put on?
- Make an invitation to tell people about the new dance palace. Think about the information that you need to put on an invitation and decide how you will decorate it.
- Put on some music and dance!
