My Rose Garden 30-Day Reading Challenge

Every time you read, your garden grows. Have fun watching your roses bloom!

How to use your reading log

1. Write your name on your reading log
2. Read a book: You can read by yourself, with your friends, or with your parents.
3. Add a rose: After each reading session, cut out a rose and stick it on the next empty circle. You can colour in the circle, draw a rose, or put your own sticker!
4. Follow the Garden Path and keep going until your garden is full.
5. Reach the Greenhouse: When you reach the end of the path, you are a blooming reader with a full garden next to a lovely greenhouse.
